

Mrs A Beasley - Assistant Headteacher

I joined Weald as Assistant Headteacher in January 2020 and teach Drama and English. I am passionate about Continuing Professional Development for all staff and have personally been awarded a Masters in Education at University of Cambridge and the NPQSL which I studied alongside my teaching. To me, there is nothing more important in a school than the development of what goes on in a classroom and I am always excited to discuss teaching and learning with colleagues. I am also passionate about the arts and the personal and academic benefits they bring. My areas of responsibility are CPD, pupil premium, assessment and feedback, outreach and year 6 into 7 transition. I also line manage the Science, Humanities and Languages faculties.
